THE NEW PEDIGREE ROSE.

"Belle Siebrecht."

HYBRID TEA.

A truly superb rose, the result of a cross between "La France" and "Lady Mary Fitzwilliams." Color, imperial pink. Mr. Schuyler F. Matthews, the greatest authority on colors in America, pronounces it a solid pink of the richest shade, a very color. The flowers, which are sweetly perfumed, are large, beautifully formed, and of that long tapering shape, with high center.

WE DO NOT SEND THIS ROSE OUT TO BE TRIED, as we have subjected it to the severest tests for over two years, and we can recommend it as a first-class acquisition. It has received the Gold Medal of the National Rose Society of Great Britain, and first class certificates from all the leading Horticultural Societies of both Europe and America. It has also proved itself to be perfectly hardy out-of-doors in this country, and a free and thorough ever-bloomer.

Recital by Mr. and Mrs. Max Heinrich.

The last piano recital in the Abbot Academy course was given Thursday afternoon in the November Club House by Mr. and Mrs. Max Heinrich. As usual when Mr. and Mrs. Heinrich sing, the audience was large and enthusiastic. Both were in excellent voice and their duet singing was even more perfect and beautiful than that of last year.

Perhaps the best work of the afternoon was the first of the two duets in Canon Farm by Mr. Henschel, which in accordance with imperative demand was repeated in part. Mrs. Heinrich's "Bon Jour Suzon" was charming in its vivacity and freshness, and when in response to another hearty encore Mr. Heinrich gave us Gypsy John, the pleasure of the occasion was complete.

This Gypsy John is the song in which Mr. Heinrich made so great a hit at the Cecilia last winter. Everything had been going on in a humdrum, so, so, fashion, when suddenly Mr. Heinrich sat down at the piano, threw up his head, and began in that rich, telling voice the first picturesque lines.

Such a folk song as Gypsy John sung by such a man like Mr. Heinrich, who for the moment was in heartiest sympathy with the tramp and the stroller makes up for many dull renderings of commonplace things.

One point in the singing of Mr. and Mrs. Heinrich to which the attention of all younger singers should be directed is the respect they show toward the words of their songs. No matter what the language, the words to their very end are recognized.

That we may hear Mr. and Mrs. Heinrich again is our earnest wish and sanguine hope.

Essex Agricultural Society.

At the annual meeting of the Essex county agricultural society on Tuesday the trustees paid a visit to the new location in Peabody. The matter of a location for this year was left with the executive committee with full power to act. If the new quarters can be got in readiness by September it will in all probability be there, if not, the chances are good for it being held in Newburyport this year. The matter of superintendent of hall and committee of same was left with the executive committee to appoint.

The following local persons were appointed on the various committees: Peter D. Smith, bulls; Geo. L. Burnham, milch cows; Joshua H. Chandler, farm teams; M. C. Andrews, stallions for driving; Henry A. Hayward, family horses; N. F. Abbot and J. H. Blunt, colts; C. C. Blunt, sheep; J. B. Jenkins, ploughing double ox team; T. P. Phillips Athletic Tournament.

The annual spring tournament of the Phillips Athletic Association occurred on the upper campus Saturday afternoon and a very good showing was made. The school record in the mile walk was reduced about a minute and in the hammer throw the record was smashed by over 20 feet. The finish of the bicycle race was very exciting, Palmer beating Manning about half a wheel. The result of the tournament gives Andover considerable hope of defeating Worcester Academy to-morrow at Worcester. The summary:

100-yd. dash—Won by Dunton; Lindenberg, second; Barker, third. Time, 10 2-5s.

Cricket.

The local team suffered its first reverse of the season Saturday afternoon, when it was defeated by the strong Lawrence team 64 to 35. The game took place at Lawrence and was quite interesting. Wainwright's bowling for Lawrence was very strong and Andover could not hit out safely, eight being caught out. The city men had a little better success with the bat, especially Sugden and Gill, who made 14 and 13. L. Saunders was the highest man for Andover having 9, when he was run out.

The team goes to Boston to-morrow to play the Zingari team. The following men have been chosen: Capt. Pearson, Bruce, Haddon, A. Saunders, Boyle, Kydd, Biddings, Rushton, L. Saunders, Coates, McGlynn.

The second eleven will play a game with a Frye Village team to-morrow on the home grounds.

Field at the parochial residence on Essex Street. Mr. Carter is an employee of H. P. Noyes, furniture dealer, and a member of the Engine Company. After a pleasant gathering at the home of the bride on Summer Street, they took the 9:50 train for Boston. On their return they will reside for the present at Mr. Carter's home on Elm Street. Miss Maggie Jameson of Somerville has been visiting Miss Euphemia Miller for about a week.

The Andover Sewerage Bill.

The following is the complete text of the Andover Sewerage Bill as revised and passed by the State Legislature.

SECTION 1. The town of Andover may lay out, construct and maintain a system of sewerage and sewage disposal for said town; may take by purchase or otherwise any lands, water rights, rights of way or easements in said town deemed necessary for the establishment of such system of sewerage and sewage disposal and for connections therewith; may establish an annual charge for the privilege of connecting with such system, and may order any or all persons or corporations within the territory covered by said system to dispose of their sewage in said town by connection therewith; and any person or corporation neglecting to comply with such order shall be fined not exceeding twenty dollars for each week's continuance of such neglect.

SECTION 2. Said town may construct and maintain an outlet for its system of sewerage and sewage disposal into the Merrimac River, and for that purpose may take, by purchase or otherwise, a strip of land of sufficient width extending from line of said town on the easterly side of the Shawheen River through a portion of the city of Lawrence and that portion of the town of North Andover west of Railroad Street and north of Sutton Street to said Merrimac River, and may construct an outlet in such strip through private and other lands, and lay the same under any streets, highway or other way or railroad, and may enter upon and dig up any such private lands or other lands, street, highway or other way or railroad in such manner as not unnecessarily to obstruct the same, for the purpose of laying, maintaining and repairing such outlet, and shall leave such streets or ways so dug up in said town of North Andover in a condition satisfactory to the selectmen or road commissioners of said town.

SECTION 3. Said town of Andover may, for the purpose of this act, carry its sewers, drains, pipes and conduits under and along any street, railroad, highway or other way in such manner as not unnecessarily to obstruct the same, and may do any other thing necessary and proper for said purposes.

SECTION 4. Said town of Andover, when it takes any land, water, water rights, rights of way or easements, or other real estate, under the authority of this act, in any other manner than by purchase, shall within sixty days of said taking cause to be recorded in the registry of deeds for the northern district of the county of Essex a description of the same as certain as is required in a common conveyance of land, with a settlement that the same are taken under the authority of this act, signed by its sewer commissioners; and upon such recording the title of the lands, water rights, rights, easements and other real estate so described shall vest in said town of Andover.

SECTION 5. No act shall be done under the authority of the preceding sections until said system of sewerage shall have been approved by the state board of health.

SECTION 6. Said town of Andover shall pay all damages sustained by any person or corporation in his or its property by reason of such taking, or by reason of any other thing done by said town of Andover under the authority of this act, and if such person or corporation and town fail to agree as to the amount of damages sustained such damage shall be assessed and determined by a jury of the superior court in the manner provided by law when land is taken for the laying out of highways, on petition therefor by such person or corporation, or the town, filed in the office of the clerk of said court for the county of Essex at any time within the period of two years from the taking of such land or other property.

SECTION 7. In every case of a petition for the assessment of damages by a jury as aforesaid said town of Andover may offer in court and consent in writing that a sum therein specified may be awarded as damages to the complainant; and if the complainant shall not accept the sum so offered within ten days after he has received notice of such offer, and shall not finally recover a greater sum than the sum so offered and interest thereon to the time of verdict, said town shall be entitled to recover its costs from the date of the offer; and the complainant, if he recovers damages, shall be allowed his costs only to the date of said offer, unless he recovers the greater sum than the sum so offered and interest thereon to the time of the verdict.

SECTION 8. Said town of Andover in order to carry out the provisions of this act may raise and appropriate such sum or sums of money as shall be required therefor, provided the aggregate indebtedness incurred shall not exceed fifty thousand dollars beyond the limit of indebtedness fixed by law for said town; and for money borrowed said town may issue from time to time negotiable bonds, notes or scrip, payable at the expiration of periods not exceeding thirty years from the date of issue and bearing such rate of interest not exceeding five per cent. per annum as said town may determine. Said town may sell such securities at public or private sale, or pledge the same for not less than their par value for money borrowed for the purposes of this act, upon such terms and conditions as it may deem proper.

SECTION 9. The receipts from payments and assessments and from such annual rates for the use of such sewers as said town may by vote establish, after deducting the expenses, shall be applied, first to the payment of the interest of the bonds, notes or scrip issued under the authority of this act and not otherwise provided for, and the balance shall be set apart to meet the requirements of the sinking fund for the payment or redemption of said bonds, notes or scrip, as provided by section nine of chapter twenty-nine of the Public Statutes. If the receipts in any year are insufficient to pay the interest on said bonds, notes or scrip,

and to meet the requirements of law as to said sinking fund, then in such case the town, to meet said deficiency, shall raise forthwith such sum as will, with said net income, be sufficient to meet said requirements. Said sinking fund shall remain inviolate and pledged to the payment and redemption of said bonds, notes or scrip, and shall be used for no other purpose.

SECTION 10. All acts authorized to be done by said town of Andover in taking lands, water rights, rights of way, easements or other real estate, and in constructing, maintaining and repairing sewers and drains, and in extending the same and in laying assessments on estates adjudged to be benefited by sewers, whether done under the authority of this act or of general laws, shall be done and performed in the name of said town by its board of sewer commissioners.

SECTION 11. Said town of Andover may at any legal meeting called for the purpose adopt a system of sewerage for the whole or any part of its territory, and may at such meeting determine by vote what proportion of the expense of constructing the same shall be borne by the town. The remaining cost of said system shall be borne by the owners of estates situated within the territory embraced by it and benefited thereby, but no estate shall be deemed to be benefited unless or until a sewer is constructed into which it can be drained. The owners of such estates shall be assessed by said commissioners their proportional parts respectively of such portion of the total cost of said system as is not borne by the town as above provided; such proportional parts shall be based upon the estimated average cost of all the sewers composing said system and shall be assessed by a fixed uniform rate according to the frontage of such estates on any street or way in which a sewer is constructed, or according to the area of each estate within a fixed depth from such street or way, or according to both frontage and area; and every such owner shall within three months after written notice of such assessment, served on him or on the occupant of his estate or sent by mail to said commissioners, pay the sum so assessed to the town treasurer; provided, that said board shall, on the written request of any such owner made within said three months, apportion such assessment into such number of equal parts or installments, not exceeding ten, as such owner shall state in such request, and they shall certify such apportionment to the assessors; interest from the date of said apportionment at the rate of five per cent. per annum shall be added to each of said assessments until they are paid, and one of said parts shall be added by the assessors to the annual tax on such estates for each year next ensuing until all said parts have been so added, unless sooner paid as herein after provided; and provided, further, that nothing herein contained shall be construed to prevent the payment at any one time in one payment, notwithstanding its prior apportionment, of any balance of said assessments then remaining unpaid, but interest on such balance at the rate of five per cent. per annum shall be paid to the date of such payment; and thereupon the treasurer shall receive the same and shall certify such payment or payments to the assessors, who shall preserve a record thereof. In cases of corner lots abutting on more than one sewer street the same area shall not be assessed more than once. No assessment shall be made with respect to any estate until it can be drained by a sewer. When a sewer has been built running through land other than a street no assessment shall be made as to said land abutting on said sewer until that part thereof occupied by the sewer has been laid out as a street.

SECTION 12. An assessment made under section eleven shall constitute a lien upon the estate, which shall continue for three years after it is made and notice served as above provided, or, in case of apportionment, until the expiration of two years from the time the last installment is committed to the collector; and said assessment together with interest at the rate of five per cent. per annum may, by incidental costs and expenses, be levied by sale of such estate or so much thereof as shall be sufficient to discharge the assessment and intervening charges, if the assessment is not paid within three months after service of said notice, or, if apportioned, within three months after any part has become due. Such sale and all proceedings connected therewith shall be conducted in the same manner as sales for the payment of taxes; and real estate so sold may be redeemed the same as if sold for the non-payment of taxes and in the same manner. Such assessment of parts thereof may also be collected by an action of contract in the name of the inhabitants of the town of Andover against the owner of said estate, brought at any time within three years after the same has become due.

SECTION 13. Any person aggrieved by such assessment may, at any time within three months after service of the notice mentioned in section eleven of this act, apply to the superior court for the county of Essex for a jury to revise the same, but before making such application he shall give fourteen days' notice in writing of his intention so to do to the commissioners, and shall therein particularly specify his objection to the assessment, to which specification he shall be confined before the jury.

SECTION 14. The provisions of chapter fifty of the Public Statutes and of acts in amendment thereof and in addition thereto, pertaining to sewers and drains, not inconsistent with this act, shall apply to the town of Andover in carrying out the provisions of this act.

SECTION 15. The state board of health, upon the application of the board of health or selectmen of the town of North Andover, alleging the existence of a public nuisance or the pollution of the waters adjacent to said town into which the effluent of said sewer of the town of Andover is discharged, to such a degree that the public health of said town of North Andover is endangered, shall appoint a time and place for a public hearing thereon and give such notice thereof as said

state board shall deem proper. After such hearing said state board, if in its judgment there is good reason for such complaint, shall order the town of Andover to abate such nuisance, or to cleanse and purify its sewage before its effluent is discharged into the waters aforesaid, so that the public health shall not be endangered. Any court having jurisdiction in equity may upon application of the board of selectmen or board of health of said town of North Andover, enforce the orders of said state board of health in the premises by any proper order or decree.

SECTION 16. This act shall take effect upon its passage, but no expenditure shall be made and no liability incurred under the same, except for preliminary surveys and estimates, unless this act shall first be accepted by vote of two-thirds of the legal voters of the town of Andover present and voting thereon at a legal meeting called for that purpose within three years from the date of its passage. [Approved May 14, 1895.]

A DOMESTIC ROW.

Aged John Cuniff Not on Good Terms With His Daughter.

Husband Finally Compelled to Take a Hand—As a Result He Is Now Locked Up on a Charge of Murder.

BOSTON, June 6.—John Cuniff, 65 years old, was killed during a family quarrel at his home, 17 Clifton street, Roxbury district, about 7:30 o'clock last night. His son-in-law, William D. Ricker, is locked up charged with murder, and his wife and her brother, John Cuniff, are held as witnesses.

John Cuniff, the victim, boarded at 17 Clifton street with his son-in-law, Ricker. The family have had frequent quarrels, and Sunday night the police were called in to quell a disturbance between Cuniff and his daughter. The woman was badly used up at the time, one of her eyes having been closed and her face cut.

Yesterday morning the Rickers ordered Cuniff out of the house, and his daughter went to station 9 and had a warrant sworn out, charging him with a assault and battery. Cuniff also called at station 9 and asked for a warrant for the arrest of his daughter, but it was not granted.

About supper time, Cuniff called at the house of his son, Peter Cuniff, 101 Cabot street, and said he wanted him to accompany him home, as he expected trouble. They

Were Refused Admittance by Ricker and his wife, and the Cunniffs forced an entrance. A row immediately started, and the elder Cuniff began an assault on Ricker on the second floor. Ricker's wife Mary had joined in and attempted to stop her brother Peter from taking part. The furniture was smashed and dishes broken in the melee.

Finally, the elder Ricker and Cuniff reached the stairway, where Cuniff threw his son-in-law. As this point it is supposed Ricker plunged the blade of a pocketknife he held in his hand into the neck of his father-in-law. The latter released his hold and staggered toward the front door, blood pouring from the wound in streams. Ricker endeavored to stop the flow, and led Cuniff to the sidewalk. Neighbors notified Drs. Finn and Murphy, and when they reached the scene, about 20 minutes after the stabbing, Cuniff was breathing his last.

The younger Cuniff threatened Ricker, and the latter made his escape, but was afterward captured. He admitted that the knife found on him, and which was covered with blood, was his, and said: "If I did it, I did it with that knife and in self-defense."

Ricker's two children, a boy aged 7 and a girl 5 years old, were witnesses of the row. The little girl's dress was covered with blood from Cuniff's wound.

Ricker is a carpenter by trade, and weighs 230 pounds. It was found that Cuniff's jugular vein had been severed.

Ricker Held For Murder.

BOSTON, June 5.—William V. Ricker was arraigned yesterday for the murder of his father-in-law on Monday night. He pleaded not guilty, waived examination and was committed without bail. He had no counsel. Peter Cuniff, son of the murdered man, was held in \$300 as a witness.

WEATHER-CROP BULLETIN

As Reported by the New England Service For Week Ending June 3.

BOSTON, June 5.—The following weather-crop bulletin for the week ending June 3 is issued by the New England weather bureau:

A very beneficial rain fell on the 27th or 28th over most of the central and western part of New England, soaking the ground up well and putting a new color on most crops. Occasional local showers have prevailed also during the middle and last of the week, and field crops and grass are starting along fast and growing finely, except where the showers missed a section. The first part of the week was quite cool, but the last part, up to Monday, has been far warmer than the normal; it has given most sections one of the hottest spells on record for this season. A heavy thunder storm, accompanied by severe wind and rain and hail, caused considerable damage in New Hampshire on the 2d.

Little Reward by Freedom.

SALEM, June 4.—J. L. Johnson was yesterday charged with breaking and entering in the night time, being armed with a dangerous weapon, the house of Jacob T. Crosby at Merrimack on Aug. 17, 1894, and he was sentenced to serve 12 years in state prison, in addition to a former sentence of 30 years imposed for killing Henry T. Crosby at the same time. This is the same sentence as that pronounced upon F. C. Hunt, his pal. Frank Little, another accomplice, having turned state evidence, was allowed his liberty on his own recognizance.

Double Drowning at Lawrence.

LAWRENCE, June 3.—Nellie Reardon and Alice Rowan, each aged about 18 years, were returning from Glen Forest in a row boat with John Guilfoyle. One of the girls attempted to change seats with Guilfoyle and the boat was overturned. All three were thrown into the water. Miss Rowan sank almost immediately. Guilfoyle tried to save Miss Reardon, but was unsuccessful. Guilfoyle was rescued by a man in a passing boat. The drowned girls were spinners.

A Suspicious Case.

PROVIDENCE, June 3.—Early Sunday morning three young men who were on their way home through a path that runs from Admiral street through the Corlies woods found the body of a man, who had evidently been struck down by a blow from behind. The body was three hours after identified as that of Patrick Gallagher of this city, a melter at the Franklin iron foundry.

At Olneyville.

PROVIDENCE, June 6.—The industrial situation remains about the same. A few operatives yesterday joined those already at work, while a number left the mills. The Riverside mills have nearly 1000 operatives at work. Fletcher's mills gained 100 employees in the worsted department yesterday.

Discharged From Custody.

BIDDEFORD, June 4.—Alfred Clark, who was charged with attempting to murder Charles H. Palmer, by assaulting him with an ax, was tried here yesterday, and discharged.

Roberts Allowed Bail.

PORTSMOUTH, June 5.—Joseph T. Roberts, who has been confined in jail, charged with attempting to murder his wife and K. D. Stoddard, was released on bail last evening.

CONGREGATIONAL OFFICERS.

General Howard Is President of the Home Mission Society.

The remainder of the afternoon was devoted to the co-operating societies.

Wild Man of the Woods.

GREENFIELD, Mass., June 3.—The townspeople are wondering as to the identity of a man who has been seen wandering about on Rocky mountain and in the vicinity of Bears' Den entirely nude. He was seen near the latter locality on Saturday, and Saturday night shouts and cries were heard which are supposed to have come from him. Parties have been searching for him, but without success. He is supposed to be insane.

Disappeared Last January.

ROCKY MOUNT, Mass., June 3.—The body of Mrs. James A. Munroe of this place was found in the woods yesterday. Mrs. Munroe disappeared from her home last January while partially deranged, and no trace of her could be found, although at the time the ponds were dragged and the woods searched.

Will Remain at Springfield.

SPRINGFIELD, June 3.—An extract from a letter from Rev. Dr. Moxom, dated Cambridge, says: "I have this day declined the call to the West Presbyterian church of New York city." Dr. Moxom's parishioners are much pleased at his decision to remain here.

Drowned Himself in a Pond.

BLACKSTONE, Mass., June 5.—The body of Mark Johnson was found in the pond at Blackstone cotton mills yesterday. She had committed suicide. Other than a wrapper, she was not clothed, as she left her boarding house early in the morning.

Higher Wages Wanted.

LEWISTON, June 5.—Fifty weavers left the Androsoggin mill at noon yesterday, which makes a total of about 250 that are out on a strike for higher wages. Fifty employees of the Lewiston bleaching also struck yesterday for an increase.

An Unfaithful Watchman.

PROVIDENCE, June 3.—John H. McPherson, a night employee of the Gorham Manufacturing company, is under arrest for systematically stealing melted gold and silver. He has acknowledged his guilt.

Haverhill Will Be Dry.

HAVERHILL, June 6.—The board of aldermen last night voted not to grant any druggist licenses. This makes the city absolutely no license.

His Pills.

There lives in a town not far from here—in fact, it is at Skaneateles—a couple who think a good deal of each other, and when one is ill the other does everything in the world for her or his welfare. Not long ago the husband was taken ill, and his wife rummaged around to find some medicine in the house. Finally she came across a box of little black pills. There was no writing on the cover of the box to tell what they were, but as they resembled a certain liver pill the wife concluded that they must be the required thing. She gave them to her hubby regularly, and he seemed to improve. About a week after, when he had got down to the last pill, he chanced to turn the box over. He gave a yell that startled the whole neighborhood. His wife ran to him, thinking that he was dying. "Look," he cried. "Read what it says on the bottom." She did as he bade her, and this was what she read: "Prime Crown Morning Glory Seeds!"—Syracuse Post.

Swore Himself In.

In his reminiscences of the Crimea, in 1854, General Sir Evelyn Wood tells a story of a fighting general who, during a conflict, was seen wherever bullets fell most thickly. When not visible, his voice was heard encouraging his men with "a vocabulary borrowed from the army in Flanders," which Sir Evelyn says will not bear repetition. "Years after he was appointed to the Aldershot command, and her majesty happened to ask, 'Has the new general yet taken up his command?' 'Yes, your majesty,' was the apt reply; 'he swore himself in yesterday.'"

Iceland moss is native to the northern parts of all continents. It is most abundant, however, in Iceland, whence its name has been obtained. Formerly in high repute in medicine, it is now very lightly regarded.

Australia means "south," and the land now known by that name was formerly called New Holland.

The doublet was a close fitting coat introduced into France from Italy about 1100.

AYER'S
THE ONLY
Sarsaparilla

ADMITTED

READ RULE XV.

"Articles that are in any way dangerous or offensive, also patent medicines, nostrums, and empirical preparations, whose ingredients are concealed, will not be admitted to the Exposition."

Why was Ayer's Sarsaparilla admitted? Because it is not a patent medicine, not a nostrum, nor a secret preparation, not dangerous, not an experiment, and because it is all that a family medicine should be.

Our stock of Hammocks is new, large and full, comprising all kinds from the National Improved Braided Edge Mexican Hammock, which we sell for 75c, up to a beautiful woven Hammock with side draperies and heavily trimmed with fringe, a brass or wooden spreader as you choose, with a curled hair head rest, many different colors, a Hammock that last year we got \$5. for, we are selling now for \$3.50. The Glove-Fitting Corset.

Landgon & Batcheller's genuine Thompson Glove-Fitting Corsets are made in three or more pieces, and being cut on correct geometrical principles with transverse seams running around the body instead of up and down, evade all strain, thus avoiding the objections urged against every other corset. WHICH ARE YOU?

There are two kinds of people on earth to-day. Not two kinds of people, no more, I say.

Not the stinner and saint, for 'tis well understood The good are half bad, and the bad are half good.

Not the rich and the poor, for to count a man's wealth, You must first know the state of his conscience and health.

Not the humble and proud, for in life's little span, Who puts on vain airs, is not counted a man.

Not the happy and sad, for the swift flying years Bring each man his laughter and each man his tears.

No; the two kinds of people on earth I mean, Are the people who lift and the people who lean.

Wherever you go you will find the world's masses Are always divided in just these two classes.

And oddly enough, you will find, too, I ween, There is only one lifter to twenty who lean.

In which class are you? Are you easing the load Of overtaxed lifters who toil down the road?

Or are you a leaner, who lets others bear Your portion of labor and worry and care?

—Ella Wheeler Wilcox in Harper's Weekly.

Who Sells the Townsman?

There has been some complaint lately from TOWNSMAN patrons that they are unable to always buy the TOWNSMAN, at the newsstands, being informed that it is "all out." This is sometimes the case, but quite often is only partially true; the dealer being out and unwilling to increase his stock. People who suffer from this treatment are requested to inform us of the same and we will assure them that some means will be taken for supplying their wants. The dealers who are regular sellers of the TOWNSMAN are John H. Chandler, Thomas Murphy, J. E. Whiting and The Andover Bookstore in the Centre, Annie Mitchell, Frye Village, C. H. Shattuck, Ballardvale, George L. Harris and A. P. Cheney, North Andover Depot, and T. A. Holt & Co., North Andover Centre.

Sunday Store Closing.

When the new Andover by-laws were being framed, our voters were told that we didn't need a by-law about closing stores Sunday, that general statute attended to that. A correspondent in another column calls attention to the way in which the matter is attended to. To all appearances "general statute" is a general who has deserted his post in this Andover engagement. We quite heartily agree with our correspondent that "general statute" ought to be stirred up and stop some of this Sunday barker and sale.

The Drives of Andover.

There are comparatively few of our people who realize what beautiful drives stretch out on every side of the Andover pleasure seeker. The multiplying of the bicycles and teams is, we are happy to say, rapidly increasing in number, but there are yet many beautiful spots unknown to many. We want to bring all these places to the notice of readers, and to that end ask every one who will, who has a favorite drive or wheel trip, or electric car ride, to send to us before July 1st the route of such trips and a brief descriptive mention of the interesting places and things to be seen along the route. We shall begin the publication of this series in our first issue in July, and we can safely promise our readers glimpses of many new beauties in Andover scenery before the pleasant drives are all exhausted.

Editorial Cinders.

As the piano recitals close we cannot help again expressing thanks to Mr. Downs for the opportunity afforded our music-lovers to hear such artists and such music. And we believe that we may also express for many of our citizens, the most cordial appreciation of his disinterested effort in behalf of the public education in this direction.

The expressions of interest in the TOWNSMAN DIRECTORY project are very gratifying, and give assurance of a cordial reception for the book when it is issued.

Supt. Baldwin Resigns.

A surprise to the school board will be passed along to our readers in the announcement that W. A. Baldwin has resigned his position as superintendent of schools, to take effect at the close of this school year. Mr. Baldwin resigns to have an opportunity for a year's special study at Harvard College in connection with work half-time as superintendent of schools at Danvers.

The retirement of Mr. Baldwin will be sincerely regretted by many of our citizens who have watched the advancement of our schools during his supervision. His work has been progressive and thorough, and teachers and pupils have profited by his wise oversight, and the new methods he has introduced. He will leave Andover with the cordial good wishes of the entire community.

Principal F. O. Baldwin Again.

At the opening of the next school year at Pynchard Free School, Frank O. Baldwin who has been in Baltimore the past year, will again assume the principalship of the school. This will be welcome news to the many friends of the school.

ANDOVER VS. LAWRENCEVILLE.

Speculation on Next Wednesday's Big Game on the Phillips Campus.

Base-ball speculation is now centred upon Wednesday's big game, in which Andover will endeavor to maintain her championship in the Lawrenceville series. The contest being so near, and the respective teams having shown about what they are worth, it is an opportune time to weigh the relative chances of success.

It is not usually until half the season has elapsed that the Phillips nine gets fairly on its legs, and begins to play a lively, clean game. For years past the work of the teams during the last of May has been fifty per cent better than that of the last of April. The statistics this year fail to show so encouraging a gain. With perhaps no more than two exceptions the team has not played a single game this season in which, at one or more times, errors have not tarnished the score. Games have begun brilliantly, ended well, but there have been one or more innings when there has been a weak slump. Not an errorless game has been played. The following table shows the comparative work of the nines:

ANDOVER.—Games played (to June 2), 16; base hits, 163; errors, 93; Andover's runs, 160; opponent's runs, 122.

LAWRENCEVILLE.—Games played (to June 2), 9; base hits, 83; errors, 39; Lawrenceville's runs, 76; opponent's runs, 74.

This table shows that Andover has made an average of about 10 hits per game; Lawrenceville an average of 9. Andover has had an average of 6 errors per game; Lawrenceville 4. As regards runs, Andover has an average of 10 to 16, Lawrenceville 8 to 9. It must be borne in mind that Andover has played at least six teams which are clearly far below her class, while Lawrenceville has only played teams which have been equal to, or above her class. The table does not show the unfortunate fact that 75 of Andover's errors were made during the month of May, and that the number of earned runs has been steadily on the decrease for the past few games.

Taking all these considerations into account, we find that the teams are more evenly matched than they have been during the two previous years. Lawrenceville has been playing the staidier game and doing the better all-round team work. She has had systematic coaching from Princeton, while Andover has failed to take the forcible hint of last year's defeat, and has had but one day's coaching on the field up to this week. Lawrenceville has had two practice from her second nine, and this has not overworked her pitchers with but one game a week. Andover's practice has often been listless and she has played at times too many games for the good of her pitchers.

The principal hope for winning Wednesday's game lies in the home team's battery. The visitor's hits must be kept few and well scattered, for sharp hitting to the infield will prove disastrous. Pitcher Arrett, who is receiving constant Princeton coaching, is a match for either Greenway or Sedgwick, but explicit confidence may be placed in Andover's battery material. Captain Drew will catch a clean, brilliant game, and he will hold the runners well off second. Whether Greenway or Sedgwick pitches this important game is now a doubtful question. Both are steady, cool-headed base-ball players, and reliable pitchers. Greenway's arm is not over-strong and he has not played this season the game of previous years. Sedgwick hasn't Greenway's speed, but he undoubtedly knows more base-ball than any other man on the team. He never loses his head, he is a careful hitter and his blue stockings twinkle around the bags in magnificent style. Sedgwick, if he chooses, can outfield any member of the nine, and in my opinion he is decidedly the man to pitch Wednesday's game.

Barton is the strongest batter on the team, and he is as good a first baseman as Phillips has had for years. He is in every way a reliable player. These are about the only men in whom there is reason to place strong confidence both while at bat and in the field.

Harker began the season's work with the heaviest kind of reputation resting on his youthful shoulders, and it has continued to oppress him up to the present. He is too prone to let hot grounders slip past him. Elliot has some good base-ball stuff in him, but is worse than unsteady, and is ever in search of a circus. His batting has fallen off since the early season. Edwards can throw, but that is about all that he can do. He lacks many rudiments of base-ball science. It is doubtful if he could hit the earth were it thrown at him, yet he is a conscientious worker and should show improvement Wednesday. Either Sedgwick or Greenway will make strong men in left field, as we cannot believe for an instant that the former, should he take to the field, would be guilty of any such work as was shown in the Brown game. Davis fields in excellent shape, but his throws are too often wild.

Dayton's batting and fielding are on the gain, but there is ample room for improvement in the former. Waddell's fielding is fairly clean, and his throws in are beautiful. Alas, for stick work! The hits are few and far between.

Lawrenceville will place great confidence in her general team work, and should Andover be so fortunate as to get several runs, it is reasonable to expect that they will be earned. It is to be hoped that the Phillips boys will do some thoughtful batting and that no man will step up to bat with the idea of "killing the ball," when a safe but or sacrifice hit would be more useful.

The worst criticism against the defensive play of the Andover team is its unsteadiness. With inferior teams or when their lead is good, the men play even ball, but when they face a superior team as they did with Yale, or when they are in a tight place as in the third inning in the Dartmouth game, they inspire no very strong confidence.

In offensive work there has been an immense amount of blind batting. Some games have seen almost no head work with the stick. The men too often step up to the bat with apparently no clear ideas in their minds where they are going to hit the ball. There has been a painful dearth of sacrifice hitting and almost utter disregard of the bunt, both of them invaluable to a close game. The men slide well, but they are handicapped in base running by poor coaching—an annual fault of the Academy nines. It might not be improper here to note that the men have had no practice in the exigency of being caught between bases or of catching opponents between bases.

The chances for an Andover victory seem not probable. Base-ball luck is as fickle as the wind, and only an approximate judgement can be based on scores. Everything indicates, however, that the New Jersey boys are on an all-round better footing than our team.

Obituary.

MR. JONATHAN FRENCH.

Mr. French died on Friday of last week, May 31, at the house of his sister, Mrs. Sarah F. Abbott, of old age, being in his ninetieth year. He came from a remarkable family. His grandfather, Rev. Jonathan French, was the second pastor of the South Church, from 1772 to 1800. One of his daughters married Rev. Samuel Stearns of Bedford, and was the mother of eminent ministers and teachers, including President Stearns of Amherst College and Rev. Dr. Jonathan French Stearns. His son, Rev. Jonathan French, D.D., married Rebecca Farrar of Lincoln, a sister of Prof. John Farrar of Harvard College and of "Squire Farrar," well known to the elder residents of Andover as the long-time treasurer of Phillips Academy. Dr. French was pastor in North Hampton, N.H., for fifty-five years. Of his eleven children, all of whom lived to mature life, and seven of whom are still living, Jonathan was the eldest.

Jonathan French entered Phillips Academy in 1821, the same year with Chief Justice Ames, Dr. William M. Rogers of Boston, and N. P. Willis, the poet. He studied two years in Dartmouth, and graduated from Union College in 1829. In early life he taught considerably, at first in Upper Canada, afterwards in the vicinity of the ancestral home of the Frenches at Brantree, and Manchester-by-the-Sea.

While living at Brantree in 1837, he married, his wife dying three years later. Since 1877 he has resided in Andover, his sisters, Mrs. Abbott and Miss French, kindly caring for him, as the increasing years brought to him increasing physical and mental infirmity.

Until within a year or two he has delighted to relate reminiscences of the Andover of his school-boy days—"Pomp and Ross" of Pomp's Pond, the boys who roomed with him at Dea. Blanchard's, the doings of the "Social Fraternity," and the annual exhibition of 1825 in the old Brick Academy (the "Gym"), when he graduated and delivered an original "Ode on Ambition," following Oliver Wendell Holmes's graduating piece on "Fancy," the same which Dr. Holmes recited as his after-dinner speech at the centennial of 1878. He kept up a pleasant acquaintance with Dr. Holmes, and received a letter from him not long before his death.

Mr. French retained to the last the old-school courtliness of manner. While coming out of the Seminary Chapel a few Sundays before his death, he slipped upon the steps and received a severe injury. Quickly rising he apologized to the students who were standing by, saying, "Excuse me, young gentlemen, I am ninety years old."

His funeral was attended at Mrs. Abbott's, on Monday afternoon, by his pastor, Rev. F. R. Shipman, and Dr. Bancroft, a quartette of Academy boys singing his favorite hymn, "Abide with me." He was buried in the Old South Cemetery, in the "Parsonage lot," where his grandfather was buried eighty

Sunday Closing.

To the editors of the Townsman:

How long has Andover, Mass., been exempt from the provisions of the Sunday law? I see that two or more of our merchants keep open their stores all day Sunday for the sale of merchandise in direct violation of the law. I think the time has arrived when our town officials should call a halt to such open defiance of the law.

OLD CITIZEN

BALLARD VALE.

Howard Derrah of Lynn is visiting at his father's home here for a few days.

Clemens Kintz of Shelton, Conn., was in town Thursday and Friday.

Miss Sarah Moseley of Canton, Ohio, is stopping at the home of Mr. Joseph Shaw.

Arthur M. Shattuck will speak at the evening service at the Methodist Church on the coming Sabbath.

Mrs. Morrison and daughter Annie of Allston were guests at William Shaw's the latter part of last week.

Rev. Vinal Hills of the Methodist Church preached in Methuen last Sunday afternoon.

L. A. Penney and Winslow Goodwin, both of Ansonia, Conn., were in town on business the early part of the week.

Rev. J. C. C. Evans of the Congregational Church, preached at the Old South Church, Andover last Sunday in exchange with Rev. Mr. Shipman.

The Children's Day concert at the Congregational Church which was announced to be held last Sunday evening will be given on next Sunday evening instead.

The Young Men's Social Club and members of the Fire Company will contest honors on the diamond Saturday afternoon. Opinion is pretty evenly divided as to the outcome of the game, which promises to be an unusually interesting one. The Y. M. S. C. will also run a moon light dance at the Shawsheen Grove in the evening.

The entertainment in Bradlee Hall Wednesday evening for the benefit of the Congregational Society was certainly a success financially netting the society about \$33. A mixed program, which included readings, piano duets, a flag salute, violin solos and several recitations by different children, was executed in a creditable manner. The violin solos which were rendered by Master George Clark of Waltham being particularly pleasing.

Miss Helen C. Bradlee's interest in the social enjoyment of the people of this village has again been manifested in providing a series of seven band concerts to be given on alternate Wednesday evenings during the summer, the next concert will be given on the coming Wednesday. The first concert in the series which was given last Friday evening could hardly be said to be up to the standard expected of the Andover Band, the selections were short and were executed with very little spirit.

OFFICE: LOWELL, MASS.

PUBLIC AUCTION! PUBLIC AUCTION!

Large Modern House of 14 rooms; also hall, billiard room, children's play room, bath-room, laundry, store-room, and cellar, all thoroughly heated by a furnace and hot water system. It has all modern conveniences; also open fire-places, cabinets, etc.; is nicely finished; is very pleasantly arranged; is in prime condition from top to bottom, inside and out; and is decidedly a handsome residence.

Stable corresponds with house and has conveniences for four horses, and a carriage-house for as many carriages. Large henneries and yards in keeping with the other buildings.

The lot has an area of an acre and a quarter, with a frontage of 210 feet, on Walnut Ave., or the Old Salem and Lowell Turnpike; 340 feet on Carmel Ave., recently laid out to connect the Turnpike with the proposed "Town Park;" is nicely graded and prettily laid down to a lawn, an abundance of choice young fruit trees and ornamental shrubbery. Along both street lines are a number of well started and fine young maple shade trees.

The view from the premises is one of the most extended and commanding within the limits of Andover. You practically overlook the whole town and the city of Lawrence; the rolling, beautiful and undulating Shawsheen Valley is spread out before you; also the surrounding country beyond, limited only by Mt. Monadnock and the New Hampshire mountains. The immediate surroundings are simply delightful. For a country residence or a gentleman's "town home" it is hard to excel. To properly describe or fully display the advantages of this estate is not within the province of an advertisement.

To live in Andover is to live in an ideal Massachusetts township. The home of the famous Phillips Academy, the Abbot Seminary, and the old Theological schools. Some of the finest estates and handsomest gentlemen's country homes in all New England are in this old and renowned town; it is also a fashionable resort in summer.

Only 40 minutes' ride by express trains either way between Boston and Andover.

Immediately after the above 6 Beautiful Building Lots adjoining and on the Turnpike and Carmel Avenue, containing from 11,500 to 16,000 square feet of land each, all graded and laid out with fruit and shade trees and possessing an equal view with the first lot.

The estate was built, arranged, and laid out by ex-Senator Bradley of Andover, for his home and residence, but, ill health has compelled him to give it up and to retire from his business as well. It will be sold and will undoubtedly be within the reach of all who actually desire it. You can examine and be shown the property any afternoon after the 7th, by applying at Mr. Bradley's store, right in the centre of the town. The property is about ten or twelve minutes' drive from the R. R. station or business, and will be sold at 4.30 o'clock sharp, rain or shine.

Wednesday, June 12th.

The purchaser of the house and lot must deposit with or secure to the Auctioneers \$750 as soon as stock off, the purchaser of each house lot must do the same with \$100. Other terms liberal. Make any inquiries at the office of the Auctioneers by mail or otherwise.

JOS. M. BRADLEY.

OFFICE: LOWELL, MASS.

The stock, the fixtures, the building, and the good will of the business of

Joseph M. Bradley,

Merchant Tailor and Men's Furnishing Goods, Andover, Mass. To be sold to the highest bidder, no limit, no reserve. Sale rain or shine. In one, two, or three lots.

A GRAND AND SPLENDID

OPPORTUNITY

To step right into an old, well-established, and very remunerative business, in a wealthy town of 6300 inhabitants and 600 well-to-do students.

The tailors' stock is valued at about \$3000; the building and store fixtures cost over \$6000 fifteen months ago. The stock is absolutely clean, fresh, and in perfect condition; not a piece of cloth or a bit of furnishing goods is a year old; three weeks ago it was thoroughly overhauled and well culled out; the odds from the furnishing goods have been disposed of; those from the cloths will be offered in a separate lot after the sale of the other stocks.

The stock is of a high character; is first-class in every respect; the very best trade in Andover, both residents and students, were its patrons. The business will be continued right up to the time of sale; the books will be opened to those having a wish or desire to purchase the stock with the intention of continuing the business. The two stocks may be offered separately; bidders will be asked to bid so much on the dollar of their value.

The present owner has had the business for 17 years; for the past 10 years has done from \$15,000 to \$18,000 a year; has raised and educated a large family, and accumulated a nice property, all from the business; ill health is the only cause of his retiring now.

With the business is a laundry agency that yields a handsome profit; the horse, wagon, pump and harnesses used for the laundry delivery will be sold after the stock.

The building, 23 x 50 ft., is two stories with basement; the upper story rents for \$200 a year. The store is one of the most elegant and handsomely fitted, as well as conveniently arranged, in the state. It is finished in solid mahogany, with plate-glass show-cases and mirrors; mosaic marble floor, and leaded stained glass windows; work shop in rear and fine basement under all.

You can examine all at any time. The building stands on leased land, right in the centre of the business of the town; the land rent is \$300 a year; the lease has nine years to run, with privilege of renewal; should the purchaser of the stock not care to purchase the building, yet wish to continue the business, he can have a lease of the store and basement for three years at \$600 a year; in that case the store will be sold subject to his lease. Present owner would remain about the premises for a short time to introduce new proprietor to the patrons.

Sale Wednesday, June 12th, Promptly at 1.30 o'clock.

A Remarkable Cure of Rheumatism.

From the Gleaner, Connecticut, Review.

David Lewis, who has been afflicted all winter by rheumatism, is out again and all due to one of the medicines advertised in our columns. After trying everything possible, he used Chamberlain's Pain Balm, which has relieved him of all pain, from which he was a constant sufferer, and promises to make him fit for duty soon. We know David has been a great sufferer and are glad to see him around again. For sale by druggists.

An Independent Lawyer.

A lawyer, with his client, called one day at the office of a gentleman who is considered to be one of the leading men of the Philadelphia bar. The lawyer had an important case, and he wanted to take the legal big gun in as adviser. He explained his business and said he and the client would be back in the afternoon. "I won't be here then," said the legal giant. "I have an engagement at 3 o'clock, and I won't be here after that hour." "But there is a \$5,000 fee in this for you," explained the younger lawyer. "Can't help it. I won't be here. You will have to come tomorrow."

"But my client can't come tomorrow."

"Well, I don't break my engagement," said the senior. After some further talk it was agreed that a meeting be held that night. That afternoon, having nothing else to do, the young lawyer and his client went to the ball game. The first man they saw inside the grounds was the great lawyer, who was hurrying for the "Phillies" with all the vigor of his lungs. That was his important engagement. Needless to say the lawyer's practice nets him enough money each year to make him independent.—Philadelphia Inquirer.

Old Time Football.

Football has never been a very gentle game, to judge from what Master Stubbs says about it in his "Anatomie of Abuse," published in 1583:

For, as concerning football playing, I protest unto you it may rather be called a friendly kinde of fight than a play of recreation, a bloody and murthering practice than a sport or pastime, for dooth not every one lye in waight for his adversarie, seeking to overthrow him and to picke him on his nose, though it be on hard stones, so that by this meanes sometimes their necks are broken, sometimes their backs, sometimes their legs, sometimes their armes, sometimes one part thrust out of joint, sometimes another; sometimes the noses gush out with blood; sometimes their eyes start out.

Servia.

Servia is thus called because it was originally inhabited by the Suedi, or Suevi, who located there, designing to remain, but were driven out toward the north by other tribes, and finally made their way to Sweden.

POORLY GUARDED

Granite State Treasury Relieved of Quite a Snug Little Sum.

Job Accomplished by Picking an Old Lock—Officials Were at Dinner and Burglars Had It All their Own Way.

CONCORD, N. H., June 6.—The vault of the state treasury was robbed of cash and securities amounting, according to Treasurer Carter's latest estimate, to \$5429.66.

The robbery is laid at the door of two strangers who were seen about the building on Saturday, who in some as yet unexplained manner secured, by an interesting combination of circumstances, possession of the key to the vault and a knowledge of the working of the lock.

The treasurer and his assistant were at dinner at the time of the robbery, and the three watchmen were all temporarily absent from the building. The door of the treasury office is protected by an old lock, probably made 50 years or more ago, which it is claimed could be opened by a few minutes prying with a nail. The key of the vault which contained the safe was hanging in a convenient place, and it would seem that the robbers had little trouble in accomplishing their work. The safe has one of the improved combination locks, but it is not kept locked in the day time.

It is evident that the burglars, having provided themselves with a nail, waited until the treasurer and watchmen had left the building, and then opened the various unprotected doors, took all there was and

Left on an Early Train.

So much time was spent in searching for the missing keys and in picking the locks, which the thieves had sprung before leaving, that the robbers had about two days' start before the case was placed in the hands of the police, and the chances of catching them are generally considered very remote. The treasurer says that the state will not be embarrassed.

State Treasurer Carter says that after a thorough examination of the vaults, \$5429.66 is known to be missing. Of this \$3044.16 is in a certificate of deposit payable to the order of the treasurer, of which payment has been stopped. This reduces the apparent net loss to \$2385.50. In this are included two \$500 bonds, one \$1000 bond and \$1300 in currency certificates. The remainder was in currency and cash items. There were also in the box certain old title deeds, which are valueless.

In Colonel Carter's private box, which was also taken, were insurance policies and three savings bank books belonging to his daughters, on which payment has been stopped.

That the burglars acted hastily is shown by the fact that over \$10,000 in bonds, mortgages and other securities were left in the vault from which three tin trunks were taken.

ECK HAS A PLAN

For Organizing a Professional League to Fight the L. A. W.

ALBANY, June 6.—Tom Eck called a meeting here last night for the purpose of taking steps leading to the formation of a professional bicycle league, as against the amateurs of the L. A. W. There were present a number of class "B" malcontents and a sprinkling of local wheelmen. Mr. Eck made a strong appeal for his plan, and presented a statement, signed by five organizations, to the effect that they were ready to back with money any trouble that might result in the expulsion of class "B" men from the L. A. W. for furthering the enterprise.

THOMAS W. ECK.

It was decided to communicate with the various race promoters to ascertain whether they will put up their class "B" prizes, scheduled for this season, for professionals to compete for, providing a sufficient number of "B" men join ranks of the professionals. The committee will report in New York city during the state meet.

ASA POTTER FREE.

One of the Most Famous of Bank Wrecking Cases Thus Ended.

ASA P. POTTER.

BOSTON, June 6.—The last indictment against Asa P. Potter, president of the defunct Maverick National bank of this city, has been not proved. Many indictments were brought against Potter for false certifications of checks and other acts, which, together with those of certain directors of the bank, caused its wreck. There are still a few obsolete indictments in the clerks' offices of the United States district and circuit courts, but the cases will never be brought to trial. Thus ends the last of one of the most famous cases in the country.

Wedded in June.

BERRY-MARSTON

June, the season of weddings, was ushered in by a pretty affair at the Marston residence, Prescott Street, Wednesday evening, at which time Mr. Fred Putnam Berry, Assistant Superintendent of the Maverick Oil Works, only son of Mr. and Mrs. J. Warren Berry of Andover, took for his bride Miss Lucy Adele, only daughter of Mr. and Mrs. J. Byron Marston of town.

Shortly after a "grandpa's" clock had chimed the hour of seven, to the soft bewitching cadences of the favorite wedding march by Lohengrin, played by Miss Elizabeth M. Saunders, the bridal party entered the pretty parlor with stately tread. The ceremony elected for the occasion was that of the Episcopal Church, and was performed by Rev. Henry Elbert Barnes, D.D.

Mr. Herbert H. Marston, the brother, served as groomsmen and the bride was presented by her father to the groom. The usher was Mr. George M. Dean of Andover. The bridegroom was of white, India silk, trimmed with satin and chiffon, cut en train and exquisitely fashioned; fragrant blossoms caught in graceful folds the veil of delicate texture which further adorned the costume. A reception immediately followed and the guests joined the relatives in extending their well-wishes to the wife and congratulations to the husband. The bride carried the customary bouquet of Bride's roses which later she distributed to friends. Refreshments were served and later the married folks were "spirited away" and soon were beyond the reach of a friendly but rather over eager group laden with rice, old shoes and other mischiefs. When last heard from they were on an electric car speeding toward Lowell, the objective point of a short bridal trip being Bellow's Falls, Vt.

Mr. and Mrs. Berry will be "at home" Tuesday evenings in July in the residence newly erected by Mr. Berry on Prescott Street.

Many guests were present from this town, also from Lebanon, Manchester, Nashua, Wilton, N. H., Boston, Lawrence, Reading, Andover, Somerville and other places. A beautiful and costly array of gifts which included silver, cut glass, furniture, linen and other useful articles was bestowed upon the bride. The rooms were tastefully decorated with evergreens.

RICHARDS-CARRIER

In the east parlor of Guy W. Carrier's cosy summer residence on Andover St., at high noon to-day, Miss Lucy Pike Carrier, daughter of Mrs. J. Merrill Carrier of Lawrence, became the bride of Mr. Herbert Wild Richards, son of Mrs. Geo. H. Richards, Jr., of Boston. The ceremony, which was that of the Episcopal service, was conducted by Rev. William E. Wolcott of Lawrence, pastor of the bride's family. Miss Elizabeth Foster of Portsmouth, N.H., attended as bridesmaid, and Mr. Joshua Merrill of Boston was the groomsmen. The ushers were Messrs. Raymond Apollonio and Robert Baker of Boston. The delightful strains of the Wedding Chorus by Stradella were rendered by the Columbian Orchestra of Lawrence.

The reception immediately followed the nuptial ceremony, and after the substantial wedding feast served by Burton of Boston, Mr. and Mrs. Richards boarded the train at Andover for a brief honeymoon trip, and will be "at home" to friends at their residence on Brush Hill Road, Milton, Tuesdays after Sept. 1st.

About fifty family friends and intimate acquaintances of the bride and groom were present, representing principally Boston and Lawrence. Flynn of Lawrence beautified the marriage place with artistic floral creations. Mr. Richards is the well-known Washington Street jeweler of Boston, and conducts the business of the late George H. Richards, Jr.

GRIFFIN-DAVIS

A wedding of great interest to the people of Newburyport occurred at the parsonage of the Belleville Church in that city, Thursday evening of last week. The contracting parties were Mr. Life Griffin an electrician of note, and Mary Elizabeth Davis who formerly resided here at the home of her uncle, Mr. George Edmund Davis, and attended school graduating from the Johnson High School. Miss Davis has many friends here as well as in Newburyport, who extend her many good wishes. Many valuable and useful presents were received by the bride and among them was \$250 from the parents of the groom.

Mr. and Mrs. Griffin will make their future home at the "Cottage-on-the-Rocks," Rings' Island.

Best Little Purgative

I ever used," writes one lady, in regard to Hood's Pills. "They are so mild and do their work without any gripping. I recommend them to all suffering from constiveness. They will certainly bring your habits regular. We use no other cathartic." Hood's Pills are rapidly increasing in favor.
